- If you'd rather complain in writing, go to:  
**www.sainsburyenergy.com/complaints** or write to:  
Complaints Management Team, Sainsbury's Energy, PO Box 226,

If you're not happy with how we're handling your complaint, you can get in touch with our Customer Services Director's dedicated team on **0800 072 7002** or email **complaints@contactus.sainsburyenergy.com** or you can write to them at the address above.

## What happens next?

When you get in touch to make a complaint we'll investigate fully and let you know what needs to happen next – whether that's us saying sorry, making a goodwill gesture or giving compensation. Some account issues can take time to fix. So until we've sorted your problem, we recommend you keep making regular payments to cover your energy usage.

## Complaints about our sales activities

We'll look into the issue, explain what's happened and say sorry. We'll work with you to sort things out and may give you some compensation.

## Problems with the delivery of your gas or electricity supply

We'll speak to your network supply operator and pass on all the details so they can investigate. We'll let you know what they say and pass on any compensation you may be owed.

## If you need independent advice

It's easy to get free, independent advice so that you 'Know your rights' as an energy consumer. You might want to get a better deal, find out how to make a complaint, get advice about the quality of your electricity or gas supply, or ask for help if you're struggling to pay your bills.

To 'Know your rights' visit **citizensadvice.org.uk/energy** for up-to-date information or contact the Citizens Advice consumer service on **03454 04 05 06**.

**You can get in touch with them at any time during the complaints process.**

## We always aim to sort out problems as quickly as possible

We'll make every effort to get your complaint sorted within a day of getting it. But sometimes it can take a little longer.

So if we haven't been able to sort it out within eight weeks, or we can't agree a way forward with you, we call this 'deadlock', we'll write and let you know that you have the right to pass your complaint to the Ombudsman Services: Energy.

The Ombudsman is there to help sort out disputes between energy suppliers and their customers. It's free to use the Ombudsman's services and they're totally independent – they don't take sides and their decisions are based only on the information they have.

You don't have to accept their decision, but if you do, we'll act on what they say. That might mean saying sorry, explaining what's gone wrong, fixing the problem or even paying you compensation.

## To contact the Ombudsman

Textphone: **0330 440 1600**
